CALL TO ORDER

WASTEWATER MANAGEMENT – PHASE II

A. Public Hearing for Carpenter Lane Sewer Extension

Eddie Johnston asked when will the project begin. Thad explained that would possibly begin at the end of April and must be completed by May 20, 2021.

Eddie also asked at what part of the road will the project begin. Thad explained that until we hold a pre-construction meeting, we will not know where the contractor will start the project. They make that decision.

Judy Reichard asked if the completion date of 5/20/21 means that the project will be complete or just the piping laid, and the road will fix after that date. Thad explained the project will be complete, pipes and road repair.

Len Swanson stated that they will not be back until 5/15/21 so he cannot meet with a contractor to mark their lateral location. GLSD staff agreed to meet with their contractor and send pictures to see if what they figure out will work for the Swanson's.
